Zimbabwe Mission Project Report**

Mission Accomplished!

Dear Friends and Ministry Partners,

We want to say "thank you" to our supporters for making this recent mission project possible. Those of you who support this ministry with your finances and prayers can be assured that not only the lives of those who came for training were touched, but there are many more who will be touched as the students go back home to teach and preach the gospel more effectively to their villages and cities in Zimbabwe, Africa.

Charlie and Paula

Arrival in Hararee

On Sunday after his arrival, Charlie was privileged to preach with the aid of an interpreter in a Baptist church in Hararee pastored by Pastor Champion T. Chasara. Pastor Chasara is a past President of the Baptist Convention of Zimbabwe and Dean of Expository Preaching Class. There were over 300 Zimbabweans in attendance at the vibrant morning service. A wonderful cappella church choir sang during the service and the interpreted message was well received with a tremendous invitational response.

Mission Assignment

The class week began on Monday and was similar to an American 'modular' class at U.S. Universities. The class packed a huge amount of information between 7:45 AM until about 3 PM most afternoons with only a mid-morning tea break and then lunch.

The class was held in a government compound in Hararee for added protection and convenience for those who traveled there from other parts of the country. Speaking over 24 times during the week and up to 7 hours each day, Charlie used a combination of teaching methods to equip the eager learners in expository preaching methods.

He provided notes and practical instructions. He also preached, while stopping to explain how he arrived at each sermon point, which added to the classroom interaction. At the week's conclusion, an expository sermon outline was requested from each student. Each 'homework' outline will be critiqued and mailed back to them from the states with further encouraging remarks. The students were thrilled to understand such a practical and logical method to presenting the Bible in their churches and Bible studies back home.

Many friends were made during Charlie's stay in Hararee and invitations for lengthier mission projects through Crosspurpose International were extended.
