

# Crosspurpose International MINISTRY UPDATE

September 2007

## *Special Request for Prayer*

*Charlie will be undergoing eye surgery in both eyes within the next few weeks. Unfortunately, he has been diagnosed with cataracts on both eyes which has affected his vision. The doctor who will be performing the surgery believes that the condition has been caught in time and can be corrected without damage. Please pray that the surgery will be successful and for our family during this time.*

## **Schedule**

**September 9-12**

Konnoak Baptist Church  
Winston Salem, NC

**September 16**

First Baptist Church  
Lorida, FL

Dear Friends and Ministry Partners,

During this past summer, we were privileged to minister in NC, SC and GA. Highlights were a Student Camp in SC and a 6 day revival meeting in NC. Lives were impacted by the preaching of God's Word to both teenagers and adults.

First Baptist Church of Whitsett with Pastor Tim Stevens hosted the Student Camp at Myrtle Beach, SC. While enjoying camp at the beach, many students were

challenged to meet Christ or to make Him a priority in their lives as they return to high school and college this fall.

A six day revival meeting was hosted by Fairfield Baptist Church in Marshville, NC with Pastor Tommy Threat. There was a measure of brokenness in several lives and Pastor Threat was very encouraged at the response of his congregation. The following Sunday after the series of meetings, Pastor Threat emailed us with these comments:

*"Brother Charlie and Paula:*

*Yesterday at Fairfield Baptist is beyond description. Several men in the church and one man that was just visiting during the Revival KNOW that they have received a WORD from the WORD of GOD for the issues that are going on in their lives. There is a very high level of brokenness in the Church."*

We are thankful that God continues to use us for His purposes. Thank you for your continued financial and prayerful support of this faith ministry. Again, please remember Charlie in your prayers as he undergoes surgery soon.

God bless you, our friends!

*Charlie and Paula*
